a Lesson in the University of The New Covenant
Theodore Cottingham October 21, 2008. Spoken 1:30 AM
www.NewCovenant.me

1. I am the savior of the world, not; I am the savior of the cosmos, not; I AM ME. What does that make you? Me! Are you me? I am you. Are you not me? I am each other, not; I am one, ONE, **ONE!** I am one and healed and on. I am, my death bed not, I am life giving life eternal, life to eternal life now, without the grave. Amen.

2. See what I have said, and open me more often. Open my words -- up to you, your heart open to me now -- *please be*, more often and not, not; more often and loving these my words and being my words in the earth and farther. Cosmos approval, not; but you have mine now, and you know it. Become it now; approving the words of others, not; but going now walking my streets and into my cosmos more than mind can imagine.

3. I love you all, to do this now -- I do this well. And my soul enters into it not again, for soul is eradicated and died has; a new death, not; it never was existent at all.

4. I love you all, to go to the grave, not; but to life now eternal; in my judgment not, yours.

5. Where are you going now? Into I am, I am now.

6. Where have you been? Incognito, not, but where is that that you're coming from, in to where I'm going. I am going one, and one being, one forevermore with me, in me, I am now, made whole and loving you all to be, one I am. Forevermore purple not, burple looking up, shall we? We are and being made whole.

7. In love with you all - I am glorifying my son now that I am made whole in one -- mind one complete, making all complete, -ers that now control the earth, not; but become me on planet one touching my cosmos in ways never imagined, throughout my words, being my words to the nations now and farther. To the coastlands I go now, being my who love me -- all one -- altogether one. I am. In love with you all.
8. Goodnight.

9. Good morning and I love you all. Amen.

10. 1:36 AM and all is well on the Western front, not; EVERYTHING CHANGES NOW NOW NOW!!! It's all over, not; it's just begun -- and my name is new -- New Beginnings my name. Have you read them, yet? Have you read my booklets? Have you read my New Beginnings Series? (1).

11. My New Beginnings Series - Two, have you read - written yet? (2).

12. I am on my way and I am putting all in Database Two, and my notes, too, that I have kept for years - now I make public. To make public, confession not, but I am I am. And proud of it not, I am humble and I beseech thee all to be me I am, one and holy. Amen.

13. See what I have said. Altered not, but giving you all I am.

14. Ask for more? Ask me, and I am I am, at all points a man, not a man alone without God again, but yea I say unto you, I am God a field no longer without God, a man being, alone and mighty not. I am alone, not. And I am God a field, not the field without love, but one who love is and I field my fieldings now with love altogether one love, being me I am. Whole and made well -- I am -- one, again. Amen.

15. 1:40 AM. Thank you for recording me and not "finishing me up" too soon (3), but letting me, allowing me, to speak "different ways" and many ways coming to you in many fashion and forms all of me of, that I give you now -- a whole one.

16. Be in me my words and whole me coming forth you see. At nation's night, not; but day, what is it? Now I light the earth. Light the earth with me -- be me -- being me I am throughout the nations clean and transparent and working miracles through and through the love of I am, the words of I am, effectual; and servanthood of none; but leading all into the leadership of one, I am humility and bowing before all I do forevermore. Lead you into the grave, not; but the life that never alters a grave, not; but that which raises from the grave, the dead, who are me, who rise now in light being light, the light that I am, made whole again. Amen.

17. Thank you, thank you, thank you! Three times and more I have stated many things in this word, these words, this Database clean, and loving you more to be, all of you that I am -- I am being -- I am again, whole, made well. Amen.

18. Go in peace. Amen.

19. Go with me, with me to where I'm going - go with me. Go with me I pray, beseech thee I do with this word -- go with me, love me more, love these words, love the unborn, love the ugly, the pretty, the altogether unlovely and loved-not.

Love them all- me, for me -- I am them, I am you.

20. Be me well and whole, making whole the universe of no sorrow again. Thank you.

Amen

Footnotes:
1. The New Beginnings Series right now consists of 5 booklets that I wrote. God has spoken of these booklets multiple times compelling all to read them all. Booklet #1 Jesus the Pattern. Booklet #2 is the Priesthood of All Believers. Booklet #3 is The New Covenant. Booklet #4 is the Kingdom of Heaven. Booklet #5 is Trinity Revealed. These first five booklets are all introductory booklets that provide NEW BEGINNINGS to understanding these things, and how to operate IN them, and BE them. All of these can be viewed and/or downloaded from the University of The New Covenant website. See www.NewCovenant.me
2. A perfect example of God instructing me, reminding me to write the next round of the New Beginnings Series booklets. Booklets 1-5 are each introductory. Now it's time to build on those foundational introductions.
3. I had dictated a message into my computer using speech recognition software and thought I was done, and closed my computer; and then sensed there was more to come forth so I connected my headset mic to my little digital recorder and spoke this message above into it. I then used automatic transcription to have it typed, then played the audio file back several times to correct the transcription and punctuate it.
